ACCESS TO COLLEGE FACILITIES

Definitions

I. Access to college facilities and programs is predicated upon a person’s status as a student, employee, or visitor; the need to obtain access; and the type of activity conducted at the location. Three levels of access are identified:

1. **Employee Access**: Access to areas that typically contain sensitive equipment or data and access is based on a demonstrated need. Examples are Information Technology workspaces, faculty workrooms, employee lounges, private offices, storage rooms, and some labs because of the nature of equipment or functions involved.

2. **Executive deans, deans, or directors** responsible for a program or service area have responsibility to control access to those areas.

3. **Executive deans, deans, or directors** may further restrict employee access to specific employees in areas such as private offices, the cash area of Business Services, computer switch rooms, etc., dependent upon the activity occurring in a space.

A. **General Access**: Areas generally open to both college employees and students. Examples are classrooms, labs, building 7 gym and related facilities, etc., during hours of operation designated by the Executive Team.

B. **Community Access**: Areas not designated as limited to employee or general access, available to the general public without the necessity of enrolling as a student, e.g., the college library, open spaces of the campus (indoors and outdoors), and college food service facilities.

C. **Closed Campus**:

1. The Salem campus is closed and buildings are locked from 10 pm to 6 am, except Friday and Saturday evenings when campus buildings are secured as soon as scheduled events have concluded. Except for events listed on the Special Use Report, college buildings are closed Sunday, holidays and other days identified by the college as some type of a closure day.

2. College facilities at McMinnville (Yamhill), Woodburn, Eola Viticulture, Dallas, CCBI, Brooks, and Santiam are closed except for the regular business hours and special events scheduled through the appropriate administrator at those locations.

3. Camping or sleeping overnight on college-owned or controlled property is not allowed unless approved in advance by the college president/chief executive officer or designee. Loitering on college property when the college buildings are closed is not allowed.

III. Student Access

A. Students have general access, but may be granted restricted access based on an identifiable college need.

B. Only persons enrolled in a given class or lab may attend that class or lab. Exceptions may be made by the college for special circumstances appropriate to the learning environment.

C. Requests for exceptions will be directed to the appropriate executive dean, dean, or director for approval.

D. Students are not allowed to be present in a college building when the campus is closed.

IV. Visitor Access

A. Visitors have community access to college facilities.

C. Children under age 16 have community access and may use college facilities, such as the college library, only while under the active supervision of an adult responsible for the child.

D. A college administrator may place additional restrictions on the presence of children in specific locations.

VI. Public Safety and Employee Responsibility

A. If it is believed that a person is in violation of these procedures, the Public Safety office should be called.

B. A Public Safety representative will determine if a person is in an area without appropriate access and take necessary action.

C. In the case of an unsupervised child, employees of Public Safety will attempt to determine the identity of a child, if supervised or not, and locate an adult responsible for the child.
